

PROFESSIONAL PRACTICE COMMITTEE TERMS OF REFERENCE

MANDATE:

The Professional Practice Committee (PPC) will meet OPA's strategic priorities as it provides advice, via Staff, to the Board and the Association on the evolution of practice, identification of workplace opportunities and barriers and recommendations toward the integration of innovative tools and practice supports.

OBJECTIVES:

1. To assist OPA in providing support to frontline pharmacy professionals (pharmacists, students and technicians) through the provision of practical tools, educational advice and support that will:
 - a. Drive greater uptake of pharmacists' and pharmacy technicians' current scope of practice,
 - b. Foster new ideas for future scope expansion,
 - c. Increase operational efficiency, and
 - d. Generate increased patient awareness of the breadth of pharmacy services.
2. To identify practice issues/concerns for OPA and possible solutions to mitigate them
3. To guide and offer feedback to OPA's Professional Development department on its curriculum of educational offerings for pharmacy professionals
4. To provide ideas for the OPA Conference educational lineup and feedback on the learning objectives for selected topics

MEMBER ROLES AND RESPONSIBILITIES:

- (1) OPA Workplace Support
 - To assess the impact of proposed regulatory and/or legislative changes that could significantly impact the provision of patient care.
 - To advise on inter/intra professional initiatives to remove barriers and promote the advancement of the practice of pharmacy
- (2) OPA Practice Support
 - To assess the professional impacts of policy decisions, government regulations and managed care initiatives as they relate to the practice of pharmacy in Ontario and to recommend solutions to the OPA Board and Association staff that can potentially address these impacts.
 - To advise on the development, provision and revision of new and innovative tools and solutions to enhance the provision of pharmacy services to patients.
 - To review and make recommendations regarding specific professional practice policies, programs, tools and guidelines to assist members in meeting the Ontario College of Pharmacists (OCP) Standards of Practice and OCP Code of Ethics.
 - To make recommendations that will drive uptake and deliver improved health outcomes based on information received relating to current delivery of pharmacy services.
- (3) OPA Educational Support
 - To provide guidance on OPA's current professional development (PD) courses and identify new potential PD opportunities in support of the Association's PD department.

- To contribute toward the selection of the OPA Conference curriculum and learning objectives
- (4) OPA Organizational Support
 - To act as a referral and/or support to specialized committees, working groups, or taskforces (e.g., Economics Committee, Long-Term Care Task Force, Software Vendors Working Group).
 - To operate within budget.

COMPOSITION:

The Professional Practice Committee seeks a balance of members with experience in all practice settings and environments in order to obtain pertinent information and context to issues and concerns under discussion.
